struggle to protect her family after
her mother's suicide.

FREAKY GREEN EYES by Joyce
Carol Oates. Franky Pearson's mom
has gone missing and it's up to a part

Eyes' to open her eyes to the truth!

THE WOLVING TIME by Patrick
Jennings. Laszlo Emberek is caught
between two worlds: the bucolic life of
a shepherd - and the secret life of his
parents, who can become wolves at
will.

OUT OF ORDER by A. M. Jenkins.
Colt Trammel's life is falling apart. His
girlfriend has dumped him (again), and
his mother has told him that unless he
can raise his GPA to a C, she won't let
him play baseball anymore.

PIRATES! by Celia Rees. Read here

Minerva Sharpe and Nancy Kington -
Declared Pirates, Traitors, Common
Enemies and Robbers on the High
Seas. Year of our Lord, 1724.
